- (i) Pray
- (ii) Care
- (iii) Share

It begins with the seed of:

- (i) Personal Unified Prayer
- (ii) Care and Compassion

Relationships determine your Destiny (Dr. Edwin Louis Cole)

Somebody Cares is more than a slogan it is a belief that inspires people across the world, to reach out to the lost, the hurt, the wounded, the children, the at risk youth, the well-off and the unfortunate everywhere.

The Mission Statement of Somebody Cares is simple yet profound, "Let people know that somebody cares"

Because Jesus Cares, We the Church Cares.

As a result, through grass roots efforts, communities are transformed and the Church is united.

Somebody Cares is a network of servants, people, pastors and ministries who have come together to serve their communities. Jesus said;

- (i) Let your light so shine –that they may see your good works and Glorify the Father in Heaven.
- (ii) By your fruits you shall know them.

In a Somebody Cares Community it should be the same, a common goal of:

- (i) Serving the community with the love of Jesus Christ.
- (ii) Unified Ministries as the body of Christ work together.
- (iii) Lives are touched
- (iv) Leaders are inspired
- (v) Souls are transformed as the Gospel is preached and the love of God demonstrated.

Somebody Cares is the fulfillment of Isaiah 58; Loving and Caring for your Neighbour.

Somebody Cares is like that adhesive that holds us together to do the work that the Lord has for His peoples.

Lives are touched and Jesus is Glorified through service and meeting needs through cooperation and creative outreach.

We try not to create but to identify what God has already established in the community and work in partnership.
